

NEAR EAST ARCHAEOLOGICAL SOCIETY

Excavation Endorsement Application

Rationale for Endorsement Procedures

General Observations—

The Near East Archaeological Society (NEAS) does not sponsor archaeological projects. It merely endorses those qualified projects that seek endorsement.

Endorsement is an expression of the confidence of the Society in the integrity and likely effectiveness of those engaging in the archaeological project. Seeking endorsement is an expression of the desire of those engaging in the project to be associated with the Near East Archaeological Society.

Requirements—

1. Data demonstrating viability of project, including qualifications of participants
2. Acceptance of the position of the NEAS on the nature of Scripture (see Statement of Faith below)
3. A report of the project's activities to be made at the annual meeting of the NEAS Board of Directors
